

# Pietro Gutierrez

Percussionist

Pietro Gutierrez began his studies at the Conservatory of the University of Santiago de Chile in 2015. In 2018, he began his bachelor's studies at the same university. In 2019, he participated in the winter festival "Campos do Jordão" in Sao Paulo, Brazil. In 2020 he interrupted his studies in Chile and in 2021 he started his bachelor studies at the University of the Arts in Berlin with professors Jan Biesterfeldt, Manuel Westermann and Simone Rubino. During his studies in Berlin, he performed in several concerts with the university's symphony orchestra and chamber music groups.

In 2023 participated in the SONDER project "Pleiades under the Stars" performed in Bologna and collaborated in the development of SONDER's new interdisciplinary project "Das Lied eines Teleskops."
